

EHANGA IDI MARCEL**Dr. Ehanga Idi Marcel**

MD, Resident Hôpital du Cinquantenaire; Kinshasa

Biography

I am born on January 16th, 1982 in East of the Democratic Republic of Congo

Studied my primary school from 1988 – 1994 at Primary School TUUNGANE Mboko – Fizi,

Secondary school from 1995 – 2001 at Institute of Goma, North – Kivu,

Graduated from the Faculty of Medicine from 2002 – 2011 from the University of Goma; East of Congo where I had my eighteen months internship at the Provincial General Referral Hospital of North - Kivu.

I got graduated on September 2011 and from that time I moved to Kinshasa I am working until now at Hopital du Cinquantenaire de Kinshasa.

In this Hospital, I started working in the Department of Emergency and Intensive Care for some times and then I got rotation to the Department of Neurosurgery where I am now.

From 2008 in August, with help of some of my classmates I founded the Surgical Club in Congo where I have been Coordinator from 2008 – 2011 when I was replaced by others.

In October 2013, Ndola Zambia I have been trained by Primary Trauma Care and became at that time Instructor of it and from there to my country Democratic Republic of Congo I tried to talk for PTC and trained some of my colleagues on PTC courses and materials and we are trying to get our country involved.
